

Announcement Product Change Notification SHV Relays

Dear customer,

Hereby we would like to inform you about Product Change of the following product:

SHV Relay Series – Change of marking style

Items affected:

All SHV Relays

Reason for Modification:

Due to new improvements and in order to increase a production yield and delivery flexibility, the marking style of all SHV Relays will be changed from “ink stamped” to “laser” printing.

This modification will not affect any electrical or mechanical properties of the relay. As well as all relay descriptions and names stay the same.

Modification Date:

1st of October 2017

Old Ink Stamped Marking

New Laser Marking

Support:
