Title: Crimping Tool Han C 4 - 10 mm² - External

Details of Product Changes

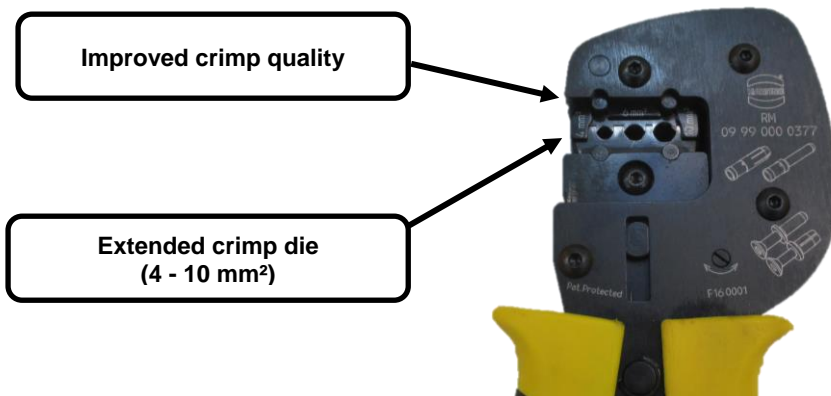

1. Concerned part number:

09 99 000 0377

2. Description of changes / news:

We are glad to inform you that an updated Crimping Tool for Han[®] C 4 - 10 mm² will be available soon. Due to the updated crimp die the crimping quality will be improved. Furthermore, the field of application is extended to process Han[®] C 4/6/10 mm² contacts.

3. Impact on product specification:

4. Scheduled date of implementation:

In this case we are not able to keep the standard timeframe of a PCN. As soon as our stock of tools is depleted, we will change to the updated version.

5. Identification of change:

09 99 000 0377 rev.: 01
