Product Change Notification

Dear valued customers

This is to inform you formally that a product change will be made to the following products.

1. Products affected

Product Name : Pressure switches

Series name : PS60 series

2. Description of change

Red LED that is used on the display part of PS60 will change (component change).

	Before the change	After the change
Manufacturer	Kingbright Electronics Co.,Ltd	
Part number	<i>KPT1608LSRW-PRV</i>	<i>KPT1608LR01C-KL</i>

3. Reason for change

The current supplier of blue LED, *Kingbright Electronics Co.,Ltd* decides to discontinue the production of “KPT1608LSRW-PRV” because of integration of their LED products for efficient production. The replacement of LED is offered by exactly the same supplier.

4. Evaluation

They are generally equivalent to each other in basic characteristics, apart from the level of luminous intensity. By conducting current adjustment on the circuit, the level of luminous intensity of the replacement will be the same as that of the current LED.

5. Implementation date

The estimated implementation date is from June 2023 onward on a production basis, however it may change, depending on how quickly the current stock will be gone.
