#### Description for Product Discontinuation

The QUICKON series of insulation displacement connection sensor actuator boxes has been discontinued. There was a delay in the release of replacement products, but as of this notice the replacement products will be available by Q1 of 2021.

The new sensor/actuator boxes will carry the same approvals, and the country of origin will change from Poland to Germany.

As an alternative to the QUICKON connector being integrated to the sensor/actuator box; we can currently offer a comparable product through traditional M12 boxes, with QUICKON IDC or push-in style field wired connectors.
