

**Wraptor A6200**

# **Bulk Compatible Printer Launch**

**Launching January 12**

# What's changing?

- **New A6200 SKUs will directly replace existing A6200 printer SKUs on January 12th**
- **New A6200 SKUs will be directly compatible with the A6200 Bulk Label Roll Adapter - Coming Soon!**
  - The upgrade adds a slot for material to feed into the back of the printer and mounting points for the adapter
  - A6200s sold prior to 2023 must be upgraded to the new version to be compatible with the adapter
  - The A6200 Bulk Label Roll Adapter marketing material will clearly convey the need to upgrade printers sold prior to 2023
- **Printer pricing and performance remain the same**

# What does this mean for customers with an existing A6200?

- **A6200 printers sold prior to 2023 wishing to use the A6200 Bulk Label Roll Adapter will need to be sent into Brady for the upgrade**
- **The normal flat rate repair fee will apply to conduct the upgrade**
  - Brady suggests including this upgrade request during the next regularly scheduled maintenance of the printer
  - Contact Brady Tech Support and ask for the A6200 Bulk Label Roll Adapter printer upgrade
- **The upgrade cannot be accomplished in the field**
- **Customers who are happy with their existing printer and consumables “as is” do not need to do anything!**
