Data

Notes

Safety information

Notice:

Terminal block without insulation housing! Protection against accidental contact must be provided at voltages higher than low voltages (e.g., SELV/PELV) for the relevant application.

Note	The layout must meet the requirements of the insulation coordination standard EN/IEC 60664-1 and applicable end product standards. When using board-to-board links, please note the potentially reduced clearances (e.g., with metal core boards).

Installation Notes

Installation

Insert the board-to-board links into the terminal blocks.

Installation

Subject to changes. Please also observe the further product documentation!

Assembly: Place PCBs on a flat surface and insert links into terminal blocks on adjoining PCBs. Disassembly: Open the terminal blocks with an operating tool. (max. 5 connections /disconnections)

Installation

The PCBs must be secured.

Subject to changes. Please also observe the further product documentation!
