Re: Obsolescence of L-DIN30 HK-A series DIN rail bracket

Dear Valued Customer / Partner,

TDK-Lambda obsoleted the HK-A series in 2016. The inventory of the corresponding DIN rail bracket, part number L-DIN30, is now down to 200 pieces and we are offering a last time buy (while stocks last) until June 30th, 2020 with a last time ship date of September 30th.

The HK-A series was replaced by the HWS-A series which has its own series of brackets (DIN01 through DIN02A).

Please understand that these orders would be non-cancelable, non-returnable and cannot be counted towards future stock rotations.

Please contact our technical support for additional information. 1-800-526-2324 or email lambda.techsupport@us.tdk-lambda.com
