Audience	All Embedded distributors and direct customers
Description of change	<p>Discontinuance of various bulk packaging part numbers in the Digi International Embedded product lines. The products continue to be available by ordering alternative (replacement) part numbers.</p> <p>With the implementation of minimum order quantities (MOQ), there will be one part number (SKU) packed in bulk/tray packaging. Pricing will reflect unit pricing only to eliminate confusion caused by bulk part number pricing.</p> <p>Worldwide part numbers have been discontinued. They were extremely slow movers. Customers that need worldwide power support can purchase power supply separately. See section below on power supply information.</p> <p>This is an ongoing effort to streamline and consolidate our product offerings to focus on consistent product availability while maintaining our high quality.</p> <p>*NOTE: Specific part number information is in appendix below.</p>

Discontinued Part Numbers	See table in appendix
Replacement Part Numbers	See table in appendix
