Reason for Change:

Our TFT display supplier has updated their displays which required minor changes on the GTT70A PCB Rev 3.0.1.

Schedule of Change:

We will be using PCB Rev 3.0.1 until our stock is depleted.
For larger order quantities – please contact Sales.

Product Change:

Hardware Changes:

- 1) TFT display viewing angle has changed from 6 o'clock to 12 o'clock.
- 2) TFT display capacitive touch panel controller has changed which required minor changes on the GTT70A PCB.

Firmware Changes:

The GTT70A PCB Rev 3.0.2 is released with the most updated firmware version. All released firmware versions can be easily installed in the field upgradeable GTT series. Please visit <http://www.matrixorbital.ca/software/GTT2.0/>

Please see the manual for in depth details.
