Product Discontinuation

PDN-IF-1697-2018

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
IF - Interface Components	CK6	Product Discontinuation	Notify Distributors and Field	6/4/2018

Phoenix Contact's factory has announced the following product(s) is going to be discontinued. Existing specifications will be met or exceeded. Technical support of the discontinued product will continue, as required. Please review and acknowledge this document and take the appropriate action with respect to your existing inventory and ordering replacement parts.

Description for Product Discontinuation

Phoenix Contact will discontinue the PR series ice cube relay family. PR series relays are replaced by RIFLINE Complete industrial relays. Equivalent relay modules and components can be found within the RIFLINE Complete product line. Individual relay modules are compatible with both PR and RIFLINE Complete bases. Other accessories such as retention clips and suppression modules are offered as equivalent in function, but they do feature different form-factors, meaning these components cannot be used interchangeably.

The RIFLINE Complete modular relay system utilizes common Phoenix Contact terminal block accessories such as plug-in bridges, test plugs, end clamps and marking. This compatibility simplifies installation, reduces inventory requirements, and saves on installation effort and component storage space. More information about RIFLINE Complete relays may be found at www.phoenixcontact.com/rifline.

Stock Status

Can existing stock still be used?

Is mixture of stock acceptable?

Product Discontinuation

Should you have any issues with the timeline or content of this product discontinuation, please contact Phoenix Contact using the information below. Customers should acknowledge receipt of the PDN within 30 days of delivery of the PDN; provided, however, that the failure to acknowledge receipt does not affect the product discontinuation or the effective date thereof.
