Re: Notice of Cancellation

Due to poor manufacturing yields, we have identified the following parts in the table below are no longer viable for us to manufacture. It is therefore our intent to cancel the production of these parts effectively immediately. Any current orders are canceled effective immediately. Please consider this letter the formal notification of our intent.

Anaren Part No.	Description
A43364AGM	Internal Antenna module Tray packaging
A43364AGR	Internal Antenna module Tape and Reel packaging
A43364A-MSDK	Evaluation Platform

We recommend the removal of all references to the A43364A from your website and inventory immediately.

This notice does not affect the A43364C. Anaren will offer the A43364C-MSDK as a replacement option for the A43364A-MSDK. If you have stock of the A43364A-MSDK in inventory, please return it to Anaren in its unopened, original packaging for a full refund, or have it replaced with the A43364C-MSDK.

We regret having to cancel these products, but we find it a vital part of our strategy in properly managing this product line. If you have any questions or need further information, please call me at 1-315-432-8909 or send an e-mail to jeff.liebl@anaren.com.

Sincerely,

Jeff Liebl,
President – IoT group
Anaren Microwave Inc.
