

Product Change Notification

TE Connectivity

Product Change Notification: PCN-21-104721

PCN Date: 09-JUN-21

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
DT 2/3 ways series connector

Description of Changes
The ICT business unit of TE is adding a 2nd source material for the part numbers listed below. Currently the DT connectors are using single source PA66 material. The 2nd source material does not impact performance. The 2nd source material is V0 and UL re-certification on the connectors is in process. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawings are not affected. Shipments of both configurations may be mixed.

Reason for Changes:
Dear Customer, we hereby inform you of this change. With global demand in excess of supply on PA66 the material supplier is restricting TE buying allotment. The allotted amount is at a level where production is impacted and to close the gap an alternative PA66 supply is needed. IMPORTANT: The current and previous revisions of these parts can be used interchangeably in the field. The change is being phased in gradually and previous revision can remain stocked until use.

Estimated Dates:	
Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	15-JUN-2021
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	15-DEC-2022
