**Subject: Price List Updates / Additions**

SV Microwave has updated and expanded our Price List offerings to include an extension of our VITA 67.3 Product Line. We included variations that utilize the SMPS series interface and added new fixed length cable assembly configurations for our VITA 67.3 SMPM line. These new additions include are mainly used in Mil/Aero, Embedded Systems, High Speed Digital, Datacom/Telecom and Test & Instrumentation markets.

Additionally, we removed the following four (4) cable connectors for our Ø.065 cable type since we are no longer offering that cable type.

- 3221-40062
- 3821-40027
- SF1511-60072
- SF2921-60242

Please see the highlighted part numbers in the latest attached Price List. An NPI packages for the VITA 67.3 Product Line will be emailed separately.

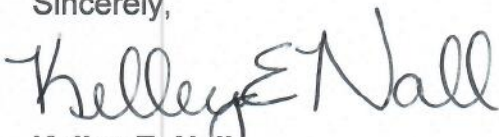

Sales and popularity of our VITA 67.3 product line are quickly growing through distribution, so these new additions will help fill our customers' need for their mil-aero and embedded systems applications.

We benchmarked primary competitors for pricing and will continue to do extensive advertising and marketing to promote the distribution availability of these products. We ask for your support and request that you review the list and let us know which part numbers you would like to stock.

This letter serves as thirty (30) days written notice of the changes to our Price List.

Please let me know if you have any questions.

Sincerely,

**Kelley E. Nall**
