

# Quality Notification

Vishay Dale Resistor Division, 10/1/18

## Dear Valued Customer:

Regarding Vishay MPM WSK12161L000Fxx Vishay has determined that for the test condition of High Temperature Exposure of 1000h @ 170 °C product may exceed the specified test limit of  $\pm 1.0\%$  and resistance shifts as high as  $\pm 1.5\%$  may be observed under these conditions. Vishay is committed to identify root cause and ensure corrective actions.

For additional information please contact technical support at [ww2bresistors@vishay.com](mailto:ww2bresistors@vishay.com)
