V-RACKS

AMERICAN MADE

Kendall Howard V-Racks allow you to vertically or horizontally mount servers or other rackmountable devices regardless of depth. Designed to mount on a wall or under a desk, the Kendall Howard V-Rack provides users more versatility on where they can place their products while saving them space.

- Low profile design
- Universal cage nut style rails
- No depth restrictions
- 150 lb. weight capacity
- Made in the USA
- Limited Lifetime Warranty

FEATURES

Low Profile Design - The V-Rack sticks out just a few inches from the wall. Mounting equipment like this is perfect for applications where space is at a premium.

No Depth Restrictions - The open design allows you to install servers, switches, and other network equipment regardless of depth.

Multiple Uses - Designed to mount to the wall, under a desk or to any surface to provide a 19" EIA compliant rail system. If you need a 4-point mounting system, simply mount two V-Racks back to back.
