As a part of our continuous commitment to provide customers with the most current technology and best experience, Tallysman is discontinuing manufacturing selected products from our standard product offerings due to outdated technology.

Tallysman has served the industrial market for over 12 years and we understand the importance of the industrial market life cycle. However, in today's rapidly changing world, components become obsolete for many reasons, including continual advances in technologies. We will make our best effort to provide a product with the same functionality and quality.
