

Product Change Notification

TE Connectivity

Product Change Notification: P-22-023007

PCN Date: 06-JUL-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Multigig RT2, RT2-R, and RT2-S Daughtercard Connectors

Description of Changes

Press Fit contacts used on the listed Multigig connectors are currently stamped and plated at Outside Vendors. An additional Outside vendor has been qualified for the Plating process. There are no changes to the specifications for the part or other plating changes. This change is specifically focused on having a new plating source for an existing design.

Reason for Changes:

Dear Customer, we hereby inform you about a transfer of Plating process to another TE approved Outside Vendor. The transfer follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products. The new Plating Vendor already plates Multigig contacts according to similar requirements and that are geometrically similar with great success. The benefit is that this prior experience will allow this Vendor to provide quality product to TE allowing us to more consistently meet customer demand in the Multigig product line.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	07-SEP-2022
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	07-OCT-2022
