B3M Tactile Switch – Discontinuation

In an effort to streamline our product offering and focus on popular models of Omron’s line of Tactile Switches, all B3M’s are being discontinued, including but not limited to the listed part number below. Final orders will be accepted through February 2021. There are no suggested replacements. Please carefully read through this notification; should you have any additional questions, however, please communicate with the Switch Product Manager, Patrick Lahey.

LAST Order date (Last Time Buy Date)

February 26, 2021

B3M Models: Including, but not limited to, the following:

Product discontinuation	Product Code	Recommended replacement
B3M-6009 BY OMZ	B3MZ0001C	No recommended replacement

NOTE: Nomenclature for the B3M series may or may not include “BY OMZ” at the end of the part numbers, within the Omron Computer System. These are factory designations and have no bearing on the specifications.

* Sales teams should communicate this discontinuation with their OEM's and CEM's.
For further technical support and any questions, please communicate with Product Marketing.

Specifications in this product news are as of the issue date and are subject to change without notice.
Only main changes in specifications are described in this document. Please be sure to read the relevant catalogs, datasheets, product specifications, instructions, and manuals for precautions and necessary information when using products.

This PCN is intended for use in the Americas
Last time buy dates are subject to change based on availability
