

Product Change Notification – Minor change

PCN #: PCN22-0053	Rev: 1.0	Issue Date: March 24, 2022																								
Purpose of notification: Alternative components for stable supply Type of notification: Minor change, for informational notice only																										
Detailed Description: To ensure uninterrupted supply of materials, Swissbit has qualified a second source crystal supplier. The new component has been tested and passed the Swissbit qualification process. The CFAST cards F-800 listed in the products "affected products table" below will exhibit crystal supply from either vendor. Products affected: F-800 with 2 GB and 4 GB capacity

<p>There is no change to form or fit or function, nor a change to Swissbit part numbers. Performance does not change and the data sheets remain unchanged.</p> <p>Based on availability, the smooth transition to mixed use of approved supplier will begin. Component traceability of the products is always guaranteed.</p>																										
Quality impact: No impact																										
Reliability impact: No impact
