

Change Notice

GB2 Series

Change to Plating Material of GB2 Series Contact Terminals

Type of Change:

- Engineering
- Part Number
- Product
- Appearance

GB2 Series pushbutton switches will have a change to the surface material of the contact terminals. This change will affect the right angle PC mount switches. The plating material will be altered from tin over nickel to gold over nickel. Both standard and custom models are included in this modification.

GB2 Series Plating Material of Contact Terminals

- All Right Angle Models
- Standard & Custom Models
