Description for Product Change Notification

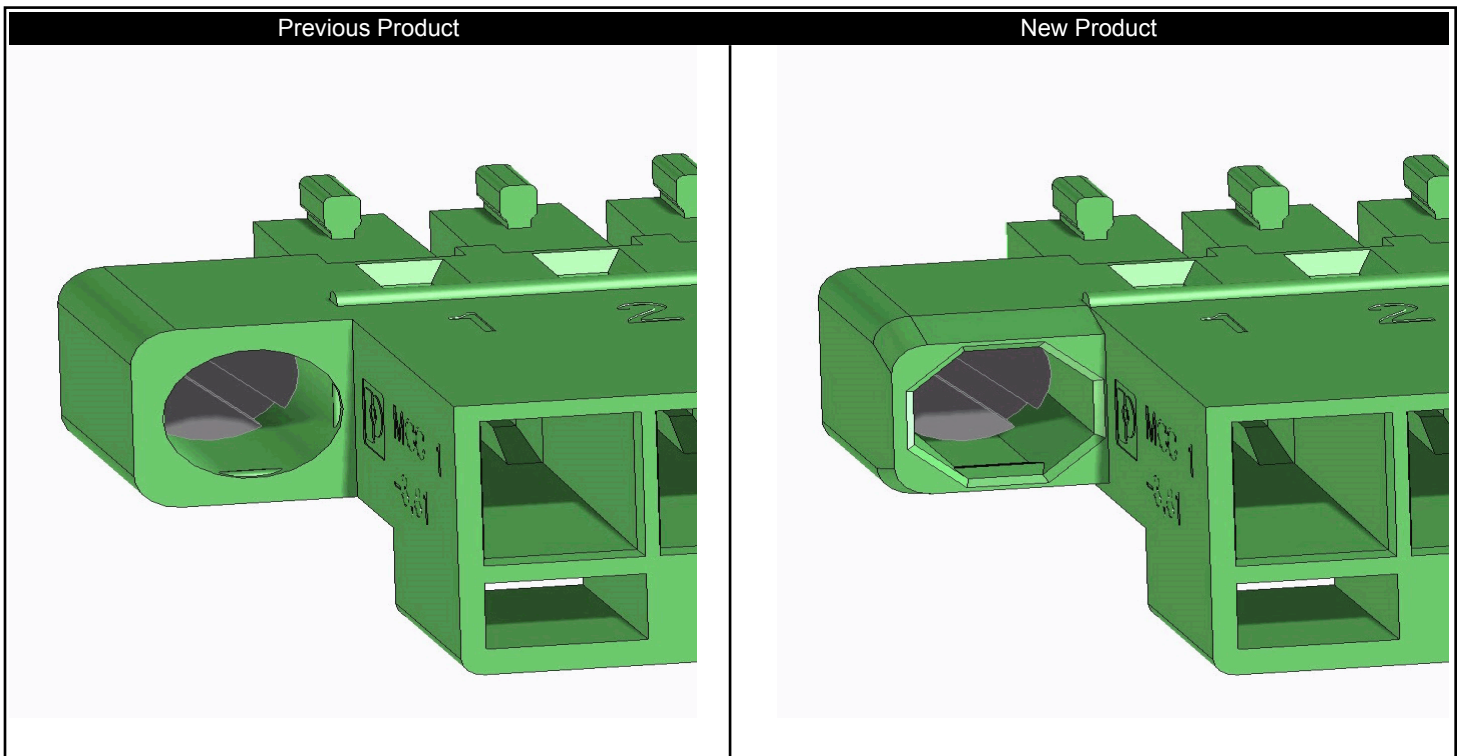

As a result of an improvement in the manufacturing process, we have changed the geometry of the flanges on some of our parts. The attached drawings show the new dimension of the flanges. Further technical data are not affected by this change. Depending on stock and the number of positions, both versions will be supplied in parallel during the conversion phase. New versions are expected to begin shipping on August 1, 2018, and will be identified by a change in version code (V/C). The attached Excel spreadsheet will show changes to the version code (V/C).
