

Product Change Notification

TE Connectivity

Product Change Notification: P-22-023035

PCN Date: 12-JUL-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

623 Insulation inserts 12&17 Pos.

Description of Changes

Dear valued customer, we want to inform you about the extension of the current Intercontec production line at TE Niederwinkling by adding new equipment to increase capacity in TE Electronics Polska Sp.z o.o., ul. Unii Lubelskiej 4, 85-059 plant Bydgoszcz. Similar production equipment as used in Niederwinkling is being used at Bydgoszcz following the TE internal transfer processes to assure a seamless duplication. The following features were considered: -Internal audit of the new production facility has taken place -Similar machines and tools are used -Same processes are applied -Same quality standards are applied - First Article Approval Report approved from both TE Bydgoszcz and TE Intercontec, Niederwinkling Germany teams -Same sub-suppliers and materials applied as in Germany. The attached FG PN's are affected.

Reason for Changes:

This is necessary to cover increased global market demands, local-for-local production, shorter delivery times, risk-mitigation (internal second source) and prevent line stops at customers. An approval of this change on short notice is highly appreciated considering TE's commitment to meet the same product specification as TE Germany.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	15-JAN-2023
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments
