SPER SCIENTIFIC
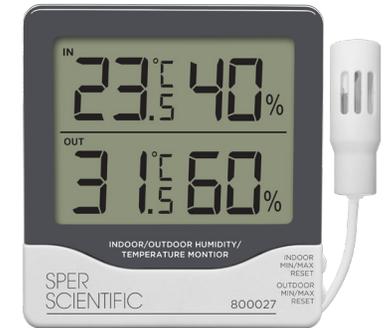

Humidity / Temperature Monitors 800016, 800015, 800027

Simultaneously monitor both temperature and humidity on a large 3-3/16 x 2½" display. Useful in incubators, refrigerators, desiccators, environmental chambers, labs, clean rooms, stock rooms, warehouses, factories, greenhouses, and outdoors. Recall min/max temperature & humidity readings over any time period. ºC and ºF selectable, stand or wall mount. Come with 1 AAA battery which lasts a full year. N.I.S.T. traceable Certificate of Compliance available.

Model 800016 reads temperature and RH on a dual display. Model 800015 adds an external temperature sensor on a remote probe and features a triple display of all 3 parameters. Model 800027 adds internal and external RH displaying all four parameters simultaneously.

DIM: 4¼" × 4" × 7/8" (110 × 102 × 20 mm). WEIGHT: 5 oz (142 g).
